 Brown with B15 polarized lenses

All models available with small and medium bridge in both colours.

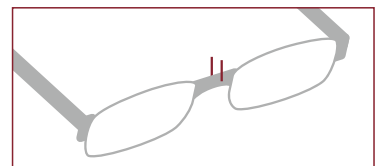

model 76 available with large bridge in size 58 and 60

model 77 available with large bridge in size 57 and 59.

1 Choose the lens shape:
 To use the sizing guide, print out this form at 100% actual size and then place your prescription glasses face down on the models to determine which best matches your eyewear.

2 Choose the eye size:
 Each model is available in multiple eye sizes. Choose the size that is closest to your eyewear.

3 Choose the bridge size:
 There are three different bridges prong depths. Measure the thickness of your eyewear frame bridge. Choose the smallest depth for frames with a very thin bridge ($2,75\text{mm}$), the medium depth for slightly thicker bridges ($2,76\text{-}4\text{mm}$), and the large for bridges ($4\text{-}5,75\text{mm}$).

UNCUT models available with brown, grey and yellow lenses.
 Lense size: 70 mm x 62 mm

The images of the coin should be the same size as an actual coin when the document is printed at full size. The images of the coin should be 20mm in diameter at full size.
